

## Removable Handle Nylon Plate Swivel Castor 200mm 1000kg Load

**Product code: JAZHSK200NYRH**

Side winding jacking unit (removable handle ) with maximum lift of 200mm fitted with a Fabricated swivel castor with a top plate fixing fitted with a white nylon wheel with a plain bore. Wheel diameter 200mm, tread width 50mm, maximum Load for the complete unit is capacity 1000kg. Please note Jacking castors are rated on a different principal to other castors and we recommend the total lifted load is divided over just 2 jacking units. for other dimensions please refer to the BIL catalogue or request a drawing. when jacked up to the height please be aware of any obstacles as a sudden shock could result in the inner square tube bending around the outer tube. **DO NOT OVERWIND** Handle excessively more than what is needed as this will cause the pin in the gearbox to shear. (This is a safety precaution against over loading the unit)

|                          |                  |
|--------------------------|------------------|
| Diameter (mm)            | 200              |
| Castor Height (mm)       | 250              |
| Castor Type              | Swivel           |
| Swivel Radius (mm)       | 165              |
| Fixing Option            | Plate            |
| To Suit Fixing Bolt (mm) | 10               |
| Wheel Material           | Nylon            |
| Colour / Shore Hardness  | White Nylon      |
| Temperature Resistance   | -30 °C TO +80 °C |
| Load Capacity (kg)       | 1000             |
| Tread (mm)               | 50               |
| Height (mm)              | 657 / 857        |
| Lifting Stroke (mm)      | 200              |
| Handle Option            | Removable        |
| Bearing Type             | Plain            |
